### February Meet-and-Greet with Root Routledge 2020 Candidate for U.S. House, Colorado's 3<sup>rd</sup> Congressional District

All 29 CD3 counties were visited in December and January by grassroots climate activist, industrial consultant and 2020 Congressional candidate Root Routledge. Root is continuing a multi-county tour to revisit CD3 counties and meet fellow Democrats and voters of all political persuasions. Root's low-budget "climate insurgency" campaign is focused on four strategic issues that are crucial to a viable future for our country and our planet: **Healthy Democracy, Healthy Population, Healthy Environment,** and **Healthy Economy.** See Root's campaign website for details (newly revamped and updated with blog & campaign information): RootForCitizenCongressman.org — please do your homework before making voting decisions.

Root will answer questions and share what he learned visiting all 29 counties, with a focus on local concerns, addressing each of these strategic gateway issues. Root continues to hold a leading focus on our climate, water and rural healthcare crises. Western and Southwestern Colorado counties, the National Climate Assessment indicates, are at greatest risk to rising temperatures in the Southwest U.S. The climate emergency is threatening our future if we don't act now. We need a Green New Deal, Medicare For All and more.
